PROUD PLACES: RECONNECTING YOUNG LIVES

Wednesday 22 March 2023, 9.30 - 17.00 | Society of Antiquaries, Burlington House, London, W1J 0BE

London is a vast metropolis with little social cohesion. Young people often feel alienated from developments in their areas. Schooling is uneven and many face barriers in their career progression. Proud Places is a pioneering youth engagement programme that offers new and inspiring opportunities for children at risk across London. It encourages young people to take responsibility for where they live and it focuses on the communities which need the most help.

Priority groups are young people in pupil referral units, alternative provisions or with challenging backgrounds. Proud Places offers a chance to get up close to heritage projects, meet craftspeople and discuss themes related to their local area. Over two years the programme has had transformative impact: new confidence and curiosity, better engagement with learning, bigger aspirations and new career paths. This conference is an opportunity to share learnings with the youth sector as well as the arts/heritage sector and encourage other organisations to commit to removing barriers to engagement.

ANNUAL LONDON CONFERENCE

Heritage of London Trust's conference has been held every year since 1983 and is a unique occasion when all London's local authorities are invited. Morning papers will be on the theme of early intervention and positive opportunities; later morning young people themselves will present, and in the afternoon we will explore the challenges and benefits of working with different groups, and impact measurement.
